PROFILE

Senior product designer with nearly 7 years in enterprise B2B and SaaS, across HP, Ford Pro and Salesforce. Known for simplifying complex, data-heavy workflows and owning product scope from discovery to release.

EXPERIENCE

Wipro Limited — Senior UX/UI Designer — Oct 2024 – Present

Client: HP Inc. — Senior Product Designer & Product Lead, MS 360

- Led design and product scope for MS 360: three Retool apps (EMS, CC 360, CXE 360) unifying 20+ data sources for HP's global printer fleet.
- Results: **90%** faster investigations across ~170 customers, **98%** less event noise, **>90%** adoption.
- Designed CXE 360 for senior leadership: contracts, regional profit, billing and disputes in one view.
- Built the design system from scratch on HP Veneer; adopted by three teams.

Client: Ford Pro — Fleet Management CRM

- Sole designer and acting product owner; redesigned Salesforce dashboards, deal tracking and reporting.

Fexle Services — Senior UX/UI Designer — Mar 2021 – Sep 2024

- Led 12+ projects end to end; ran 50+ user interviews and 60+ usability tests.
- **MyPulse** (healthcare marketplace): sole designer for web, app, doctor console and admin.
- **ChargePoint** (EV charging): Salesforce CRM with persona-based workflows and dashboards.
- **N-Zero** (carbon markets): designed user flows to buy, sell and retire credits on an AI-powered platform; quality scorecards and ESG reports.
- **Nimi** (iOS travel app): sole designer; 5 personas, multi-currency expenses, photos and chat.

Cyboticx LLC — UX/UI Designer (final-semester intern, then full-time) — Dec 2019 – Mar 2021

- Website redesign (**+30%** engagement, **+20%** conversion); mobile app (**+25%** downloads).
